Japan and the World: a Japan Centre for Global Research.

- *Vision: An intellectual and physical space for inter-disciplinary and global research that engages researchers and scholarship from Japan across all academic disciplines.*
- *Mission:*
 - To stimulate and support the inclusion of Japan-related research and creative activities in the full range of academic disciplines.
 - To bring scholars, students professionals from any field *from* Japan to engage with Cambridge counterparts in innovative research and dialogue.
 - To create a venue where research *on* Japan can be brought into broader discussions in the disciplines, academia in general and broader policy-discussions.
